COLLEGE ACTIVITIES

DRUG PROVING -2023

Dr. G.D.POL Foundation, YMT Homoeopathic Medical, college is conducting Drug Proving Research Project in collaboration with Central Council for Research in Homoeopathy, New Delhi & Regional Research Institute of Homoeopathy, Navi Mumbai.

On 3rd may 2012 New Drug Proving Programme was initiated at YMT Homoeopathic Medical College & Hospital & committee of Drug Proving was form.

CCRH are doing research study "Homoeopathic drug proving" Randomized double blind placebo -controlled trial.

Drug Proving is a research program of the CCRH- Central Council for Research in Homoeopathy. CCRH has been conducting drug proving since its inception in 1978 & more than 95 drugs have been proved so far.

Over the years the drug proving program of CCRH has evolved into highly scientific program, monitored & regulated by experts & regulatory authorities. The protocol of the study has been developed in confirmation with International & National guidelines for research, Ethic & drug proving.

Drug Proving is conducted on Healthy human volunteers (provers). The volunteer are enrolled after a detailed medical examination (termed as PME- Pre-trial Medical Examination). This examination will include a detailed screening & Hematological & Biochemical Investigations, ECG, chest X-ray & ultrasonography.

Once enrolled in the study, volunteer assigned a code number. Drug substance will be coded at CCRH headquarters and will be received at the Proving Centre. Before enrollment of volunteer consent form is taken by all volunteer with signature. After pre-trial examination a batch of 15-20 provers are prepared & coded drug is given to prover & recording of symptom is done and day book proforma is prepared by prover & proving associate also, if symptom appear. It is analyzed in homoeopathic case taking proforma and if symptom appeared record it and after disappearance 30 days wash out period is considered and then the next quota is given to prover. After all quota analysis investigator send all report to CCRH. Then post- trial examination of all prover is sent to CCRH. After this monthly attendance of prover is send to center. In this Research programme remuneration to prover is given according to the presentee & certificate from CCRH is also provided after completion. All information collected in this study will be strictly confidential except as may be required by law of land. From 2013 onwards, we have done with 13th proving batch. Each batch consists of 14-15 provers. In the year 2023, we done with Pre – Trial Examination of Volunteers for 11th, 12th & 13th batch and started with drug proving of all above batches from January 2023 – All record of symptom are recorded in drug proving portal (online), Regular updates and meeting conducted as required. Uptill now we have finished 10 drug proving projects and 3 drug proving project is ongoing with CCRH.

Due to Administrative changes in college, from January 2023 to 3rd December 2023 the chairman was Dr (Mrs).P.P.Page who retired from her Principal/Chairman Post and accordingly new principal Dr. (Mrs) S.P. Dandge was appointed for the Post of Chairman
